\\work experience

Patrick Sutton Interior Design | August 2020- present

Baltimore, Maryland USA

Interior Architect

- BIM lead on the interiors team for a 150 key 5-star luxury hotel. Coordinating with third party architects and developers to elevate the project from initial 4-star rating to achieve 5 star hotel rating. Working with food and beverage consultant associated with multiple Michelin star restaurants on 3 separate restaurant concepts in schematic design through documentation. Charged with assembling document set for model room. Successfully adapting to remotely working, getting through the trials of remote design with partners up and down the east coast.
- High end residential design work on single family homes. Expanding scope of prior experience and managing professional yet personal relationships with clients while navigating personal safety of all parties during COVID. Responsible for documentation and client presentations, including producing renderings to successfully aid the client in understanding technical documents.

STG Design | June 2016 - August 2019: full time

August 2019- March 2020: contract remote

Nashville, Tennessee USA

Architectural Designer + Interior Architectural Designer

- Focused on conceptual design and client proposal presentations. Diverse commercial experience ranging from adaptive reuse office design to 30+ story tower concept designs. Project experience with multi family, office building, master planning, adaptive reuse, hospitality, recreation, retail, interiors, and medical office building design.
- Owned document set creation from start to finish, with exposure to project management and contract administration.
- Tasked with working on both interior design and architecture scope.

Strategic Planning

- Appointed to the strategic planning committee by the company board and CEO to redefine the firm's vision and mission; elected by peers as one of three initiative directors.

Rob Walker Architects, LLC | October 2015 - January 2016

Birmingham, Alabama USA

Intern Architect

- Urban studio assignment through Auburn fifth year curriculum. Gained experience in residential design and retail renovation work. Also helped assemble successful Design Review presentations.

Gensler | May - August 2015

Atlanta, Georgia USA

Professional Intern

- Summer internship working on the Lifestyle Studio Retail Banking Team. Responsible for arranging floor plans, detailing items, completing redlines, and rendering concepts for retail commercial clients. Executed ADA audits of existing banking facilities.
